Car Size; Small - Typically two seater cars with a small body. Medium - Typically four or five seater cars with a medium body. Large - Typically five or seven seater cars with a large body.

A surcharge may be applied for heavily soiled vehicles.

Optional Extras

The below prices or based on small to medium sized cars.

Alloy Wheel Enhance and Seal - from £10

Once sealed, brake dust & traffic film build up is dramatically reduced, meaning cleaner looking wheels for longer!

Exhaust Tip Polished and Protected – from £5

Cleaning and polishing your exhaust tips will not only complete the look of your car, but also protect the tips from corrosion and caked on carbon build up.

Engine Bay Renovator - from £20

This service is designed to specifically target removing Dirt, Oil and Grease while adding a shine to all the engine bay plastics and the underside of the bonnet and restore the overall look of the engine bay. Perfect for that extra clean feel.

Enduro Shield Rain Repellent - Windscreen £20 - All Glass & Mirrors from £35

Enduro Shield uses state-of-the-art nanotechnology to transform automotive glass into a high performance, ultra-long lasting rain repellent surface. This non-stick invisible coating turns the rainwater into beads, which are easily swept away, ensuring clearer vision in wet driving. Lasts up to 12 months.

Soft Top Cleaned and Re-Water Proofed - from £20

Months and years of ground in dirt & green algae will be removed restoring your fabric hood to near showroom condition. We will then apply a special water proofing aid which helps seal out future contaminants.

Under Car Pressure Wash – from £5

Ideal to remove mud and salt build up from under your vehicle.

Fabric / Leather Upholstery Shampooed + Stain Remover - from £25

If your vehicles upholstery is not looking and smelling as fresh as it once did, this option is for you.

We will wash and extract all dirt and remove stains from your upholstery restoring them to their best possible showroom look. seats, mats, flooring, door cards, parcel shelf and head lining are all shampooed. All leather seats and upholstery are thoroughly cleaned and conditioned using luxurious leather cleaners and conditioners.

Diamondbrite Fabric Protection - from £35

During the Diamondbrite Fabric Protection process each fibre is coated with an invisible resin based material. After treatment your fabric will be guaranteed against normal everyday spills and stains.

Fog-It Odour Neutraliser- from £15

This is a unique deodorising treatment which engulfs your vehicles inside in Fog. The fog from our machine attacks and destroys Bacteria such as E.coli, MRSA and Straphylococcus whilst completely killing all odours including tobacco, mould / damp, pet smells, sweat and dairy and more. Our deodorising system enables us to remove unpleasant odours and Bacteria on a molecular level, safely and permanently.

All our "Fogging" chemicals are lab tested and are proven to kill 99% of germs and bacteria along with many dangerous and common diseases. This system is safe to use in all types of vehicles.

Paint Work Detox and Clay Bar Treatment - from £25

The Clay Bar is a perfect way to clean your vehicles paintwork leaving it as smooth as glass and free from contaminants such as tree sap, paint over spray, rail-dust, concrete splatter and other commonly found pollutants from within our atmosphere. Your vehicles paintwork will undergo a detox to strip off any previous waxes and contamination, leaving it ready for polishing, sealing and or waxing.

Paintwork Hand Polish - from £20

An exterior hand polish with sealant is applied to reduce minor swirls and light scratches, enhancing the shine of your vehicle and protect the paintwork from environmental contaminants, keeping your vehicle looking cleaner for longer. This sealant offers great water beading effects.

Paintwork Machine Polish - from £130

Paintwork will be hand clayed to remove all contamination prior to commencement your vehicles paint will feel as smooth as glass. The machine polisher will enhance the look of badly swirled, scratched & oxidised paintwork by removing a fine layer of old paint, revealing the natural shine of your vehicle. Finished and protect with a paintwork sealant, this protects it from environmental contaminants, keeping your vehicle looking cleaner for longer. This sealant offers great water beading effects.
*Price dependant on severity of paint defect. Approximately 6 hours.

Hard Carnauba Wax – from £25

This hard working and durable wax stands up to rain, snow, salt, dust, dirt, grime, traffic film and UV rays so is perfect for both winter and summer. In fact, you can get up to 12 months' protection from this wax option. With all that durability you might wonder if you miss out on shine, well actually no! This hard Carnauba Wax adds a real deep gloss to solid colors and makes metallic flakes come to life. Treat your pride and joy to a wet, clear, protected finish!
For even better results have Mobile Car Spa apply multiple layers. £20 per additional layer.

Matte Car Sealant – from £35

Our matte paint sealant will protect the look of your cars paint finish by creating a barrier against the elements. This sealant stands up to rain, snow, salt, dust, dirt, grime, traffic film and UV rays so is perfect for both winter and summer. In fact, you can get up to 12 months' protection from this sealant option. One coat is all you need for any paint colour and will also help against those nuisance water spots.

Spray Wax - from £8

A spray on wax that gives an instant shine. This is ideal for instant extra protection, shine and water beading effects in-between full waxing or sealant treatments.
