## Diamondbrite Paint & Fabric Protection

from £300

Once treated with Diamondbrite, you'll never have to polish your car again. Simple washing is all that's required. Your vehicle will look as good as it did when it left the showroom, thereby improving its resale value. Another major benefit of Diamondbrite's high gloss finish is the ease with which dirt and grime is washed off the paintwork, revealing a slick shine each and every time. During the Diamondbrite process the Fabric Protection is also applied.

## Optional Extras

The below prices are based on small & medium sized cars.

### Alloy Wheel Enhance and Seal - from £40

Once sealed, brake dust & traffic film build up is dramatically reduced, meaning cleaner looking wheels for longer!

### Engine Bay Renovator - from £20

This service is designed to specifically target removing Dirt, Oil and Grease while adding a shine to all the engine bay plastics and the underside of the bonnet and restore the overall look of the engine bay. Perfect for that extra clean feel.

### Enduro Shield Rain Repellent - Windscreen £20 - All Glass & Mirrors from £35

Enduro Shield uses state-of-the-art nanotechnology to transform automotive glass into a high performance, ultra-long lasting rain repellent surface. This non-stick invisible coating turns the rainwater into beads, which are easily swept away, ensuring clearer vision in wet driving. Lasts approximately 12 months.

### Ceramic Spray upgrade - from £15

Meticulously applied to every panel and exterior surface, ensuring shine and water beads beautifully. Great on its own or as an addition to prior coatings including ceramic coatings to maximise longevity.

### Soft Top Cleaned and Re-Water Proofed - from £25

Months and years of ground in dirt & green algae will be removed restoring your fabric hood to near showroom condition. We will then apply a special water proofing aid which helps seal out future contaminants.

### Under Car Pressure Wash – from £8

Ideal to remove mud and salt build up from under your vehicle.

### Fabric / Leather Upholstery Shampooed + Stain Remover - from £25

If your vehicles upholstery is not looking and smelling as fresh as it once did, this option is for you.

We will wash and extract all dirt and remove stains from your upholstery restoring them to their best possible showroom look. Seats, mats, flooring, door cards, parcel shelf and head lining are all shampooed. All leather seats and upholstery are thoroughly cleaned and conditioned using luxurious leather cleaners and conditioners.

### Diamondbrite Fabric Protection - from £35

During the Diamondbrite Fabric Protection process each fibre is coated with an invisible resin based material. After treatment your fabric will be guaranteed against normal everyday spills and stains.

### Fog-It Odour Neutraliser- from £20

This is a unique deodorising treatment which engulfs your vehicles inside in Fog. The fog from our machine attacks and destroys Bacteria such as E.coli, MRSA and Straphylococcus whilst completely killing all odours including tobacco, mould/damp, pet smells, sweat and dairy and more. Our deodorising system enables us to remove unpleasant odours and Bacteria on a molecular level, safely and permanently.

All our "Fogging" chemicals are lab tested and are proven to kill 99% of germs and bacteria along with many dangerous and common diseases. This system is safe to use in all types of vehicles.

### Child seat deep clean & sanitised - from £12

Biscuit crumbs & McDonalds will all be removed along with stains and microbial bacteria. Leaving a clean, fresh safe environment for your child.

### Mould removal & sanitised - price on enquiry

Hazardous mould from cold damp interiors will be removed and sanitised, bringing your interior back to life.

### Covid Sanitation - from £20

After the pandemic of 2020 COVID has left many people feeling extra cautious when it comes to cleanliness and rightly so. This option gives extra peace of mind to the depths of sanitation available for your vehicle.

### Paintwork Polish Sealant - from £20

An exterior hand polish with sealant is applied to reduce minor swirls and light scratches, enhancing the shine of your vehicle and protect the paintwork from environmental contaminants, keeping your vehicle looking cleaner for longer. This sealant offers great water beading effects.

### Hydrophobic Coating – from £120

Gtechniq Exo v5 is the very latest version in the range. This hydrophobic coating (repels water) and also adds an incredible glossy reflective finish to your vehicle's paintwork. This is great to add on top of an already Ceramic Coated or Diamondbrited car as it will complement any surface and ensure any water just beads right off like you've never seen before!

### Matte Car Sealant – from £35

Our matte paint sealant will protect the look of your cars paint finish by creating a barrier against the elements. This sealant stands up to rain, snow, salt, dust, dirt, grime, traffic film and UV rays so is perfect for both winter and summer. In fact, you can benefit from approximately 12 months' protection from this sealant option. One coat is all you need for any paint colour and will also help against those nuisance water spots.

### Head light machine polish - from £45

Foggy head lights can really diminish the look of your vehicle and can even be an MOT failure. They can be expensive to replace... We have a solution, have them polished and restored.

### Screen Wash Top Up - from £3

Mixed to suit the time of year.

### We Can Remove Scratches, Scuffs & Stone Chips – Price given whilst receiving one of our treatments

Visit our website for more information and some before and after pictures.
